SUSPICIOUS POSITION AT STUDY

The child's attitude at study indicates whether he is putting forth unusual exertion or suffering from eye strain. The slightest indication of abnormal demands on the nerve centers should be observed by teachers and parents.

Nervous exhaustion and progress in study seldom go together in the same child.

Our special methods of analysis go to the bottom of eye strain difficulties and the consequent disturbance of the memory centers.

HOW CATARRH IS CONTRACTED

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

FREE—AN 8x10 ENLARGEMENT

With 25c order of Kodak pictures I will give a coupon. When you bring in 25 coupons I will make you an 8x10 enlargement from your best negative free of charge. Films developed free. Orders received and delivered at Brownson's Drug Store, Choctaw Ave. Picture Man. 10-3-30t

FOR A MUDDY COMPLEXION

Take Chamberlain's Tablets and adopt a diet of vegetables and cereals. Take outdoor exercise daily and your complexion will be greatly improved within a few months. Try it. Obtainable everywhere. d&wim

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BLANKETS

Early purchases enables us to sell them to you for an unusually low price. That the price of blankets is steadily on the rise is clearly indicated in the numerous letters which we daily receive from our manufacturers, and that this next increase which is about due, will be far greater than any that has previously taken place, is fully substantiated by the manner in which retailers all over the country are hurrying to replace their orders.

Many months ago we placed our orders. At that time prices were away below what they are today, therefore the increase which has taken place since these orders were placed and the additional increase which is now about due to take place will not effect us. As a result we can sell them to you for an amount much below the present market prices, and also save you if you make your purchases before the increase about to take place on the future prices.
